

Practitioners

Purpose: To provide practitioners with specific, research based practices for supporting inclusive education for all students

Systems

Purpose: To provide coaching and support to district staff and others who are providing technical assistance to the schools adopting inclusive practices and partnering with the Institute

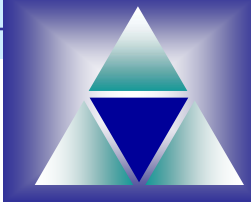

Reinventing Special Education

Purpose: To identify redundancies, explore collaborative opportunities, build a common language, ensure embedded professional development, create a collaborative atmosphere for change

Purpose: To create a context for whole school renewal, shaped by building leadership teams with a focus on inclusive educational practices for all students
